|------------|------------------|
| TOLO-3     | Lock, for Door   |
| TOLO-4     | Lock, Triangular |

| S.E.E.S. # | Description           |
|------------|-----------------------|
| TOF-1      | Fan, FV140 115V, 220V |

## Printed Circuit Boards

| S.E.E.S. # | Description  |
|------------|--|
| TOPCB-5    | PCB, COP-100L COP For CV180, CV190                                   |
| TOPCB-8    | PCB, HIB-100A SP1M1235-C UCE1-326C3<br>HOP For CV 180, 5P1M1212P001C |
| TOPCB-14   | PCB, LED-100B For CV180, UCE12-84A2                                  |

## Rollers and Hanger Assemblies

### Rollers

| S.E.E.S. # | Description   |
|------------|---|
| TODV-1     | Roller, for CV100, CV190 Door Vane 40mmO.D. x 14mmW, ID:12mm, bearing 6201          |
| TOHR-1     | Roller, for Hanger 60mmO.D. x 16mmW, ID:17mm, bearing 6203Z                         |
| TOHR-2     | Roller, for Hanger 72mmO.D. x 15mmW, ID:15mm, groove dia 64.5mm, bearing 6202       |
| TOHR-3     | Roller, for Hanger 60mmO.D. x 12mmW, ID: 10mm, groove dia 44mm, bearing 6200RZ      |
| TOHR-4     | Roller, for Hanger 56mmO.D. x 14mmW, ID:12, groove dia 49mm, bearing 6201           |
| TOHR-5     | Roller, for Hanger with Eccentric 60mmO.D. x 16mmW, groove dia 52mm, bearing 6203   |
| TOHR-6     | Roller, for Hanger Plastic 75mmO.D. x 18mmW, ID:12mm, groove dia 68mm, bearing 6201 |
| TOHR-7     | Roller, for Hanger 62mmO.D. x 16mmW, ID:17, groove dia 53mm, bearing 6203           |
| TOHR-8     | Roller, Retaining for Hanger 30mmO.D. x 9mmW, 6g-M10                                |
| TOLO-1W    | Roller, for CV55, CV60 Door Lock 40mmO.D. x 20mmW, ID:18mm                          |
| TOLO-2     | Roller, for CV100, CV190 Door Lock 40mmO.D. x 14mmW, ID:12, bearing 6201            |
| TOWH-3     | Roller, for Hanger Plastic 73mmO.D. x 11mmW, ID:10, bearing 6200                    |
| TOWH-4     | Roller Assembly, for Hanger Plastic Unit 73mmO.D. x 11Wmm                           |

**BARRACADA™**

**PORTABLE.  
TRANSFORMABLE.  
AFFORDABLE.**

**A downsized barricade, for downsized service vehicles**

The Barracada's lightweight construction, sleek design and convenient shoulder strap make it the most portable barricade on the market and perfect for fitting into newer, compact service vehicles.

**CAUTION!**

**Don't Overpay for Barricades**

Save money and space with the Barracada. This surprisingly compact and aggressively inexpensive accordion-fold barricade has a no-fuss design that allows you to erect or dismantle it in seconds!

**Accordion-Fold Configurations**

BARR-007-10P

BARR-008

BARR-005

**Use SEES rigid interlocking configurations for added support**

BARR-006

\*All Barracada Kits come with 2 locks, 2 suction cups and 1 shoulder strap.

| KITS                  | PANELS                       | PRICE    |
